The Pine-Strawberry Water Improvement District (District) provides readers of its financial statements with this overview of its financial activities. Monthly financial reporting was identified as a priority and is being prepared by the District to provide the community, the Board of Directors, and the organization with an overview of financial information for the period ended August 31, 2026. Seasonal variations or special occurrences in District operations may affect the proportion of revenues achieved or expenditures incurred to date.

FINANCIAL HIGHLIGHTS

- **The District's total net position increased by $569,708.63. This represents a significant increase from the prior period ending net position due to positive cash flow and capital asset activity.**
- **Operating revenues for water fees accounted for $287,410.84 in revenues, a decrease of 5% from the prior period.**
- **Operating expenses were approximately $152,000.00, a small increase from the prior period.**
- **The District had $34,192.26 in net non-operating revenue and expenses, a decrease of 29% from the prior period.**

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements included in the end-of-month report.

The budget reports outline the District's operations as compared to the approved budget. The statement of net position presents information on all the District's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. The statement of revenues, expenses, and changes in net position presents information showing how the District's net position changed during the most recent period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods. The statement of cash flows presents the cash inflows and outflows related to the District's operations.

Other reports to the board are included in the end-of-month reports, such as bank account summaries, operational performance reports, and a revolving credit report. All District financial activities have been thoroughly reviewed by the Treasurer and posted to the website.

Notes to the financial statements. The notes provide essential information for a complete understanding of the data presented in the financial statements. The notes to the financial statements immediately follow the basic financial statements. All financial information is based on preliminary, unaudited information reported from the district financial system as of the report date.
